Science Pups (4-5 yr olds)
Spring Semester 2020

Bring your little scientist to the zoo to explore science through games, activities, crafts and up-close animal encounters. You’ll participate with your child as we inspire curiosity and create connections to animals and science.

Cost: $59 for semester for 1 child and 1 parent.
Zoo Annual Pass or Circle of Friends membership is required to register. Both the student(s) and whoever brings the student(s) to class must either pay admission or have an annual pass. Visit zooknoxville.org to purchase an annual pass or Circle of Friends membership. Older, younger or non-registered siblings may not attend due to space limits of the room.

Registration: Online registration for new families starts December 6th.
Advance registration is required. Registration and payment must be received at least one week before students can start attending class. Register by January 21st to be able to attend the full semester. Registration is still open after the semester starts as long as there is space in the class. We are not able to offer prorated pricing.

Schedule: Weekly on Tuesdays from 10:15am – 11:15am
Classes occur weekly from January 28th- April 21st except the week of March 17th there will not be a class.
