Program Offerings

Preschool Groups

*These programs are designed for preschool facilities catering to children 2-5 years of age. The programs run for 20-30 minutes and include an animal ambassador. **Group size may not exceed 25 in a single program. Children under the age of two are not permitted.***

2 & 3 Year Olds: Action Animals! This interactive program is designed to get your children up and moving as they are introduced to the special abilities of some of the world's most famous wild animals. Children will be encouraged to use their senses to explore animal biofacts (animal skins, bones, feathers, and more!) and make observations about the animals they belong to. To tie it all together, students will participate in a storybook reading connecting to the animals discussed in the program.

3-5 Year Olds: Move It! Move It! This interactive program is designed to get your children up and moving. Why do armadillo's roll in balls? Why do lions retract their claws? How do Elephants reach the tops of trees? Children will be learning about strange and unique animal movements, acting them out, and exploring some of the special biofacts (animal skins, bones, feathers, and more!) that help these animals Move it!

Animal Observers (Ages 5 and Up)

*This program is designed for after school programs, summer camps, daycares, and other community childcare facilities catering to children five years of age and older. This program runs for 45 minutes and includes an animal ambassador. **Group size may not exceed 60 in a single program. We can do up to 3 programs in a day.***

Discover the unique adaptations of animals that help them to survive in the wild! This interactive program gives students the opportunity to put their skills of scientific observation to the test as they investigate a selection of unique biofacts (animal skins, bones, feathers, and more!) to figure out how each animal uses them to eat, move, defend themselves, and so much more!

Conservation Story Time (Libraries Only)

*This program is designed for libraries and is suitable for all ages. This program runs for 30 minutes and includes an animal ambassador. **Group size may not exceed 125 individuals (children and adults) in a single program OR surpass the limit set by the facility's fire code.***

Come enjoy a conservation-themed story time led by an experienced Zoo Knoxville educator. Zoo Knoxville will provide an animal story to read aloud to your group, followed by a discussion surrounding the conservation topic addressed in the story. Learn how anybody, children and adults alike, can contribute to conservation efforts in this fun and interactive program!

Adult Discoveries (Senior Facilities Only)

*This program is designed for senior adult audiences. The program runs for 30 minutes and includes an animal ambassador. **Group size is limited to 35 participants in a single program. Groups outside of a 40 mile driving radius (80 miles round-trip) from the zoo must partner with a local school to coordinate same-day programming for both facilities.** For more details on this email zoomobile@zooknoxville.org*

This program consists of a visit from an experienced Zoo Knoxville educator who will guide your participants on an adult-friendly exploration of animal adaptations. Participants will learn how different adaptations allow different species to survive in the wild through a tactile exploration of biofacts (animal skins, bones, feathers, etc.) and discussion.

Mileage Fees

All Zoomobile programs are subject to an added mileage fee. **Distances are calculated round-trip** between Zoo Knoxville and your facility. Please see the list below for cost estimates.

0-40 miles (<i>includes all of Knox County</i>)	\$0
41-60 miles	\$15
61-80 miles	\$30
81-100 miles	\$70
101-120 miles	\$105
121-140 miles	\$120

We are not able to go over 140 miles round trip

Mileage is calculated using directions from Google Maps starting from 3500 Knoxville Zoo Dr. Multiply the distance by 2 to get the round-trip distance. If multiple routes are given, we will use the route that has the shortest driving time.
